A WEEKLY NEWSPAPER DEVOTED TO THE INTERESTS OF THE SAN FRANCISCO STATE TEACHERS COLLEGE

VOL. IX WEDNESDAY, OCTOBER 8, 1930 No. 6

LIBRARY
SAN FRANCISCO STATE TEACHERS COLLEGE

DRAMATIC READING AT NEXT ASSEMBLY

A dramatic reader, Leo Cooper, will give a program at the next assembly, which will take place in the First Baptist Church at 2 o'clock Thursday, October 14.

Mr. Cooper will give readings of Shakespeare, and the incidental music is to be furnished by Mrs. Irene Howland Nichols, Miss Avis Kuhn, and Mr. Hardie Robbins. Miss Eileen McCall, of the music department, will accompany the singers.

Mr. Cooper's program will include readings from *As You Like It, Julius Caesar, Much Ado About Nothing, Richard III, Macbeth, Merchant of Venice,* and Mr. Coopers' essay, *A Modern Concept of the Merchant of Venice.*

The musical selections are taken from Shakespeare's plays, and are representative of sixteenth century English melody.

RURAL LIFE CLUB WILL HOLD MEETING

The Rural Life Club, organized last spring by a group of twenty girls, whose aim is to acquaint its members with the conditions of the rural school system, will hold its first meeting of the fall semester, October 8, at 4 o'clock. As most of the members have graduated, the club will be completely reorganized. Meetings will be held on the second and fourth Wednesday of each month. This organization, sponsored by Miss Cecelia Anderson, hopes to become affiliated with the National Rural Life Club in the near future.

Rural supervisors and superintendents will be invited to speak to the members on the rural school systems. The first meeting, however, will be given over to the election of officers and the arranging of the charter.

Meetings have been continued through the summer, but there are only two members left at present. Anyone who is interested may attend the meetings.

Principal to Interview

On October 29, 30, and 31, Dr. Sherman Brown, principal of the training school, will personally interview all prospective student teachers in order to place them for next year's practice teaching.

Petey the Pedagogue Says:

It appears that the successful collegian must equi-fractionate his time into five parts, as follows: studying, more studying, diligent studying, inspired studying, and FRANTIC STUDYING.

Dean DuFour Submits Statistics On Graduate Placement Question

In regard to placement of graduates, Dean DuFour, dean of the college, in a recent interview, states:

"All students are naturally interested in the placement situation each half-year, due to the fact that some day they themselves will be seeking suitable teaching positions."

The following figures have been prepared by the dean of the college. They are worthy of examination because of the comparatively small number unprovided for among the graduates of May and August, 1930.

"It will be seen," continues Dean DuFour, "that only 17 out of a total number of 257 graduates are actually available for placement at the present time; nine of these from the May group and eight from those finishing at the close of the summer session.

"The figures submitted do not indicate an excessive surplus of teachers of kindergarten and elementary grades. There is no doubt, however, that teachers nowadays have to do their part to locate openings and to interest employing school officials. That is the work of the prospective teacher. The college stands ready at all times to co-operate and to send statements on behalf of candidates whenever and wherever desired, and the office of the dean is always at the service of our graduates."

The following are placement statistics for the classes of May and August, 1930:

GRADUATES OF MAY, 1930

TOTAL GRADUATES	167
Holding regular positions	15
Newly placed	60
Returning for degree	55
Substituting	11
Long term substitute	1
San Francisco list	5
Graduate work at other institutions	2
Attending business college	1
Not seeking placement	7
No indication of availability	1
Total	158
Total not provided for	9

GRADUATES OF AUGUST, 1930

TOTAL GRADUATES	90
Holding regular positions	24
Newly placed	35
Returning for degree	8
Returning for special work	1
Substituting	7
Long term substitute	1
San Francisco list	3
Graduate work at other institutions	1
Not seeking placement	2
Total	82
Total not provided for	8

Work in Biology Divided by Change

For the first time in the history of S. T. C., separate courses in botany and zoology have been instituted in the college.

Previously, the two subjects were offered under the general head of biology, but, owing to the increased enrollment and added facilities, it was deemed advisable to offer Zoology 1A and Botany 11A.

The new Zoology 1A follows very closely the lines of the corresponding freshman courses offered at the Stanford University and the University of California.

Although 144 students are taking the course this semester, a great many more registered and could not be accommodated.

According to Miss Edith A. Pickard, professor of biological sciences, there are three laboratory periods a week, during which time the students experiment on live specimens and dissect dead specimens.

Plan Winter Session

Plans for the second winter session to be held from January 5 to February 13, are being completed by Dr. Brown, principal of the training school, and Miss Anderson, who is to be the dean of the session. Notices have been sent out to the various teacher associations telling them of the plan.

The winter session is being held for the benefit of those teachers whose schools are open all summer and closed during the winter because of snow and impassable roads.

Mr. Fenton Finds Collegiate Attitude

"This college has definitely grown collegiate since I have last been in the bay region," declared Mr. Frank Fenton, of the English department, who also remarked on the enthusiasm and intent purpose of the students. Mr. Fenton's sister, Ruth G. Fenton, of the class of 1914, and many of his high school friends attended S. T. C. when the late Dr. Frederic Burk was president.

Having recently completed a cross-country tour from his home in Santa Rosa, Cal., Mr. Fenton motored back again to California. He passed through Montgomery, New Orleans, El Paso, Arizona, and New Mexico. He returned to California to take up his work at S. T. C. while studying for his Ph. D. degree at Stanford.

S. T. C. Students Consume Candy

Can you imagine anyone figuring up candy bars to the last cent and pound? Well, Mr. and Mrs. Marples of the Student Body store became very energetic and did that very thing.

For the last spring term, from January to May, it was estimated that 8,325 bars of candy were sold, or 750 pounds, or 2,766 feet of the sweets if they were laid down end to end. (If you don't believe it, figure it out for yourself).

PRE-REGISTRATION PLANS BEING MADE

Preparations at present are being made for the release of the spring program. For this reason, a faculty advisors' meeting will be held October 9, at 4 o'clock, in room 109, for the purpose of discussing problems relative to pre-registration.

The faculty advisory committee is divided into four sections—advisors for lower division students, advisors for the professional group of students, advisors for pre-secondary students, and advisors for major departments. This advisory committee plans to prepare a handbook containing detailed information about majors and minors, and general pitfalls in program-making.

The director of summer session, Dean Ward, hopes to have a preliminary announcement of the courses to be offered next summer, before the Christmas pre-registration. It is hoped that this will facilitate program-making. Many new courses and cultural opportunities will be offered to students in the coming summer session.

TEACHERS INITIATE LARGE BOOK CLUB

Derived from an idea of Mrs. Agnes Moe Lund, former professor of education, who is on leave of absence, the Faculty Reading Club has been reorganized with Miss Hermine Henze, children's librarian, as chairman.

Holding bimonthly meetings, the group has thus far attended a luncheon at the Haight street tearoom, when Miss Marion Barbour spoke on school systems in Germany, and an informal meeting for the discussion of Green Pastures, a play by Mack Connelly, which ran in New York, and was witnessed by Miss Barbour and Miss Clara Crumpton, registrar. With an all-Negro cast, the theme is on the Negro conception of the creation.

The program for this semester will include the alternate discussion of plays and travel talks by the various members.

Starting with a large group, the members include Miss Alice Allcutt, Miss Cecilia Anderson, Miss Marion Barbour, Miss Edna Boch, Miss Catherine Burkholder, Miss Grace Carter, Mrs. Marian Cooch, Mlle. Marie Dony, Mrs. Blanche Ellsworth, Miss Ethel England, Miss Florence Hale, Miss Hilda Holmes, Miss Dorris Holtz, Miss Mary Kleinecke, Miss Evelyn Mayer, Dr. Elene Michell, Mrs. Mary Macauley, Mrs. Evangeline Spozio, Miss Lillian Talbert, and Dean Mary Ward.

Club Plans Events

A formal, a monthly dance, and a second initiation were discussed at the evening meeting of the Siena club. The meeting took place October 6.

The next monthly dance is to be given October 10. Because they managed the affair so successfully last time, Margaret Martin and Kay Dowling will again be in charge of the dance.

Another large initiation is scheduled for October 20. It will be held in the afternoon for the convenience of students who live across the bay and who wish to become members of Siena.

ASSEMBLY TO BE HELD OUTSIDE ON CAMPUS

Gathering Features Pueblo Ceremonies

At one o'clock today, the third assembly of the term is to be held. Everyone is invited. There will be plenty of room for all, since the performance is to be another open-air gathering. It is to be staged out on the field with plenty of thrills for all.

This assembly features one of those romantic, hair-raising Pueblo Indians who used to rule this land not so long ago. This particular Pueblo happens to be highly intellectual and very accomplished. Maybe you know him. His American name is Mr. Ross and his Indian name is too hard to pronounce.

Down at Stanford and over at the College of Pacific, Mr. Ross is quite famous for his marvelous collection of Indian chants and dances. He promised that his most novel acts are to be given today. In full dress costume, he will perform them. Furthermore, he will furnish a genuine tepee to carry out his plans.

Firewater, his right-hand man, will assist him in his presentations.

Mr. Ross is especially renowned since he is the one who posed for the famous statue, "The End of the Trail," which was so highly acclaimed in the World's Exposition in 1915.

Three major Indian tribes—Black Foot, Aztec, and the Mohave, are to be represented today for the associated students of S. T. C. by Mr. Ross in his own way. It is said that his way is the best. But—see for yourselves.

Today's assembly emphatically carries out the theme of versatility in college assemblies that was promised to the student body by their assembly chairman, Miss Viola Giesen.

Remember! one o'clock sharp—down on the field!

Secretary Comes

Mrs. Ruth Carstens, new secretary to President Roberts, has come to take the place of Miss Vivian Olsen, who left recently to enter Stanford University. Miss Carstens, whose home is in Oakland, was formerly secretary to President Swetman of the Humboldt State College at Arcata.

CALENDAR

October 8: 1 o'clock—
Assembly, playfield.

October 9—
May '31, informal party.

October 10—
May '33, golf tournament.

October 11—
Glee Club dinner dance, Western Women's Club.

October 14: 2 o'clock—
Assembly, First Baptist Church.
Mr. Leo Cooper, guest artist.

WHAT ABOUT OUR CIVIC PRIDE?

A new method of teaching children civic pride is through art. Incidentally, we teachers-to-be might also pick up a bit of civic pride knowledge through art.

The disreputable condition of the campus grounds gives outsiders a mighty poor impression of the future teachers. They naturally doubt our ability to teach something about which we would seem to know nothing: *civic pride.* It is to our ultimate advantage to remedy this situation that reflects so blandly upon all of us.

How can we do this?

The art department, realizing the evident lack of civic pride in this school, has created a motto which it is actually practicing "to beautify is art, and art is beauty." This department also has taken a stand that we should all take: to feel the essential need that civic pride be impressed upon the children and that the nucleus for such teaching be founded in the cultivation of the beautiful and pride in school rooms and grounds.

"A WORD TO THE WISE"

In the recent issue of *School News,* published by the children of the Frederic Burk School, appeared an article stating that the children did not stand at attention during flag lowering. The child-writer continued by saying, "and neither do the TEACHERS!"

Needless to add, children will never do what teachers do not.

Joan McGeoghan—How does your new car operate?

Frank Howard—Same as the old one, with gas.

Allan Wyatt—Say, Joe, what does your wife say when you go home late?

Joe Beckwith—Oh, she becomes historical.

"Hysterical, you mean."

"No, I mean historical. She digs up all my past."

"Why, Dad, this is roast beef," exclaimed little Chet McGrath at dinner one evening when a guest of honor was present.

"Of course," said his father, "what of that?"

"You told mother this morning that you were bringing an old muttonhead home for dinner this evening."

The new theme song for the Dog Catchers Union: *Here we go gathering mutts in May.*

Mr. Smith—Has the moon any effect upon life on this earth?

Dr. Rypins — None, except to make one fall in love.

Jack says that the modern girl may be an angel in disguise, but the disguise is perfect.

If you remember how much easier it is to remember what you should rather forget than remember, than to remember what you would rather remember than to forget—then you can't forget how much easier it is to forget what you would rather remember than forget, than to forget what you would rather forget than remember.—Examiner.

T. N. T.

Editor's note: We have received the following letter through the mail in answer to an editorial and a comment by Petey which appeared in the *Bay Leaf* issue of September 17.

Along with other things, may we call Dynamite's attention to the fact that Petey is not a "her" but a "him"?

'. N. T. Editor:

Dear Miss:

If Petey the Pedagogus will kindly excuse the informal condition of this note, I would like to call to her attention the well-mannered, gentlemanly conduct of all those, both student body members and outsiders, present at the Mass Rally.

It seems a sin to waste so much effort, time, and money to print such erroneous and biased statements as appear in the last edition of your paper.

It has been a custom in the past, among all colleges of high standing and merit, that such rallies be open to all those deeply interested in the general welfare and activities of that college.

It was on this occasion that the writer, manifesting his interest in your school activities, accepted an invitation to attend. While at the meeting, I was most insultingly thrown out, and, I might add, in a most embarrassing fashion.

This memorandum was not planned to criticize the peculiar action of the rally committee, but is being written merely in defense of that so-called group of "gate crashers," which were so unjustly accused of being the "roudy and boisterous element from other schools."

Therefore, in quest of rightful justice, we, the so-called "gate crashers," respectfully demand an apology from our accusers before we will continue to practice our heartfelt interest in your school and your activities.

Yours sincerely,
DYNAMITE AND HIS PALS.

Dear Dynamite:

Dynamite and his pals ought to learn the limerick which goes as follows:

"There was a young man, much beknighted,
Who never knew he was slighted;
When he went to a party
He ate just as hearty
As if he had been invited."

Usually when one calls upon Mr. Hoover at the White House, the invitation to call is issued by Mr. Hoover, and not by Al Smith or Al Capone. Certainly the uninvited guest needs must steel himself to insults.

That there were a roudy group of gate-crashers is undeniable; so, Dynamite, if the shoe fits, put it on.

Yours sincerely,
T. N. T. Editor.

* * *

Word has been received from President Arthur Gist of the State Teachers' College at Arcata. He declares that he is quickly becoming acquainted with his faculty and students, and reports an increased student body.

President Gist was formerly principal of the Frederic Burk Training School here.

Mrs. Cowell would like to know if there is no one in this college clever enough to invent a plan for washing boys' cords. "Even if it were only a machine through which boys could walk, for the 'sum total' of 15 cents, and come out with the unheard-of clean cords, it would be a step for the good," said Mrs. Cowell.

A dancing and folk-game class for first and second children graders is being conducted by Mrs. Sarah Scott, of the physical education department, every Monday, at one o'clock, in the kindergarten-primary building.

"BAY LEAF" CROSSWORD PUZZLE
Puzzle No. 3

RULES

1. The ten crossword puzzles must be solved.
2. A hundred word essay, entitled "Constructive Criticism of the *Bay Leaf*" must be submitted with the crossword puzzles.
3. All crossword puzzles and the essay must be submitted on or before December.
4. Members of the staff may not enter contest.
5. All back numbers of the puzzles may be obtained in Publications Office from time to time.
6. The prizes are: $10.00, first; $5.00, second.

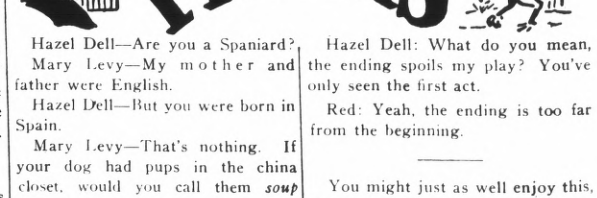
FRANCISCAN FRIERS



Hazel Dell—Are you a Spaniard?

Mary Levy—My mother and father were English.

Hazel Dell—But you were born in Spain.

Mary Levy—That's nothing. If your dog had pups in the china closet, would you call them *soup plates?*

Mrs. Ellsworth—Here's a needle in my soup!

Waiter—That's a typographical error. It should be noodle.

Hazel Dell: What do you mean, the ending spoils my play? You've only seen the first act.

Red: Yeah, the ending is too far from the beginning.

You might just as well enjoy this, you can't get your money back.

Servant—The doctor's here, sir.

Absent-minded Professor — Tell him I can't see him. I'm sick.—Recorder.

SPORTS

High School Stars Drawn to S. T. C.

Although the enrollment of men students at S. T. C. is small, the college will not be entirely devoid of material for its athletic teams, for many former high school and club stars are on Coach Cox's roster. In some sports there is more known material than in others, but when the call for players goes forth, many unknowns will probably swell the lists.

Below are a few names which will become more familiar to S. T. C. students when the teams take the field:

Connolly, Kent, Bragg, Fisher, and Hines; football. Connolly was an outstanding player at the center position during his career at Lowell High.

Maino, McGrew, Henry, Fisher, Carson, Plutte, and Gemignani are among those who have had basketball experience in high school. McGrew was the captain of his squad at Lowell.

Track and field performers are fairly numerous. Henry, ex-"Poly" sprinter, will have competition in his events in Hirsh and Miles. Garden runs the half-mile. Magnor is an outstanding distance runner, having won this year's Dipsea race. Berger Johnson was a big point-winner for Polytechnic High in the javelin and discus throws and will be a valuable man to Coach Cox.

The clubs and high schools have both contributed to the swimming team. Some of the foremost paddlers are: Pryor, formerly of the Olympic Club; Baptiste, a veteran of last year's team, and formerly of the Hawaiian Islands; Howard, manager of the team and backstroke star, is a product of the Fairmont and Sutro Clubs; Crowley, Olympic Club; Krieger; and Jones are expected to show well in competition.

Carson, Woods, and Meyer have played high school tennis, and from the number of enthusiasts occupying the courts every day there will be many men out for the team.

Coach Cox hopes to put out baseball, boxing, and wrestling squads after the other sports have been well organized.

BASKETBALL

A hunch basketball contest has been proposed by the writers of this column in order to create interest in that sport. Teams wishing to participate will sign up on the bulletin board not later than Friday, October 10. The rules:

1. Games will start at 12:10 on days scheduled.
2. Each team shall consist of two men.
3. The team scoring twenty-one points first will be declared the winner.
4. Regular hunch basketball rules will be followed.
5. A round robin series will determine the winners of first place, and they will be awarded the first prize. Each member of the championship team will receive a prize as a reward.
6. All games will be played in the gymnasium.
7. All players must wear basketball shoes.
8. Teams not on the floor by 12:10 on the day scheduled will forfeit the game.
9. A referee will be selected by the athletic manager.

The men of the college are asked to cooperate to put this contest over with enthusiasm.

FOOTBALL TO OPEN WITH TOUCH TACKLE

Football of the touch tackle variety, but still football, was inaugurated on the campus on Wednesday, October 1, by two gym class teams designated as the Reds and the Whites. This was the first of a series of games that will end on Thursday, October 9, when the Whites and the Blues meet. There are four gym class teams entered in the tournament. One point will be awarded a team for each win, while a loss counts nothing. The team with the largest number of points at the end of the series is to be declared champion. If two teams have the same number of points at the end of the tournament, a championship game will be played.

In these games, regular football rules will be followed, with a few exceptions. There will be four quarters of seven minutes each with one minute intervals.

The four gym classes have been designated by colors as follows: the Monday and Wednesday 10 a. m. class will be called the Reds; the Monday and Wednesday 3 p. m. class, the Whites; the Tuesday and Thursday 10 a. m. class will be called the Blues; and the Tuesday and Thursday 2 p. m. class, the Blacks.

SWIMMING

An unusual amount of interest in swimming is being shown by the college, and hopes of excellent swimming and water polo teams depend upon such swimmers in our college as Don Pryor, Olympic Club, sprint man; Paul Baptiste, Honolulu, 220 yards; Jack Crowley, former Olympic Club, breast stroke; Chester Krieger, plunge; Donald Jones, fancy diving; George Bennett, distance, and Frank Howard, backstroke.

Plans for an inter-class meet in which the men will have a chance to show eligibility as candidates for the teams will be held about the middle of November. Winners of the meet will be considered as material for a competitive swimming team representing the college next spring. Arrangements are being completed for the use of a local pool.

Men to Have New Athletic Equipment

About five hundred dollars worth of athletic equipment is to be purchased in the near future by the men's physical education department. This equipment will be in the college colors, which are at present green and gold. There is a movement on foot at the present time, however, to change these colors because they are the same as those of St. Ignatius College, which has been using them longer than S. T. C.

Coach Cox, at a meeting of the Men's Club held on Wednesday, September 24, called on the assembled students for suggestions of color combinations to be used on equipment, and he also asked for ideas for a system of awards. This system of awards will decide what athletic achievements are deserving of awards and what those awards will be. Some of the prizes suggested were block letters and sweaters.

Since the colors decided upon will be the colors used for all future equipment, Coach Cox asks that suggestions be made before the equipment is bought. These suggestions should be made to Dean Cox within the next week and a half. Any ideas will be thoughtfully considered.

Dale Brown Wins "Half and Half"

The second box of Haas' "Half and Half" candy, in the Student Body Book Store's silhouette contest, was won by Dale Brown, when she was the first student to give the identity of Betty Fiske's profile.

Each week the Book Store offers a box of candy as a prize to the first student who successfully identifies the silhouette appearing in the Book Store advertisement in the *Bay Leaf*.

FOOTBALL

State Teachers' College is about to enter the field of inter-collegiate sports for men.

Basketball and track will start this winter, and next spring "King Football" will ascend to his throne when Coach Cox issues the call for spring practice. Because of the lack of equipment nothing can be done this fall, but Coach Cox and Athletic Manager Wyatt have drawn up a schedule of inter-gym class touch tackle to keep up the interest. Notices will be posted on the bulletin board in regard to games.

Wrestler in Draw

One of the rocks upon which Coach Cox may build a wrestling squad came to light Thursday, September 25, when Miles Kent of S. T. C. wrestled a draw with Nickoli, middleweight champion of the U. S. I. V., prominent Italian athletic club, in a close and exciting match on the club's mats. Nikoli has had more experience than Kent, but the latter is expected to develop into a champion with a little more training.

Art Work Exhibited In College Hall

Water colors and pencil drawings were displayed on the second floor of College Hall by students of Art 110 during the week, September 22-27.

The exhibit included four water-colors and four pencil drawings of domestic scenes by Mae Conway, Norma Wendt, Chrystal Moralie, Kathleen O'Farrell, Ruth Knopp and Meredith Rowell.

Roos polo coats are always on the go

$25

A collegiate coat . . swagger, belted, full-lined, in the natural polo shade . . a coat you can wear on the campus through all seasons and all weathers . . and the price fits well within your college dress allowance.

Market at Stockton Streets and at all Roos Stores

VOLUNTEERS WANTED FOR ANNUAL WORK

Volunteers! The call to arms is sounded, and the progress of the 1931 annual is assured.

Ciwa Griffiths, editor of the annual, wants the help of a group of students to assist with the editorial and hand-color work. These students will automatically become members of the staff. As the hand-coloring is to begin immediately, those interested in helping should get in touch with the editor at once.

Ciwa Griffiths

With an Old English theme, hand-colored illustrations, subdivision pages (probably with pictures of knights on them), a wealth of photographs, Mrs. T. H. Ellsworth as faculty sponsor, and a number of surprises that are kept secret, the new annual promises to be more popular than any previous one.

Why bother to write jokes when one can get dialogue like the following, overheard at the bureau of naturalization?

"Where is Washington?"

"Oh, he has passed on."

"I mean the capital of the United States."

"Oh, they loaned it all to Europe."

"Do you promise to support the Constitution?"

"Me? How can I? I've a wife and six children to support."

Pledges Honored At Club Luncheon

In honor of its pledges, Phi Lambda Chi gave a luncheon in the college cafeteria at 12 noon, Tuesday, October 7.

The luncheon was planned as a general "get-together" occasion, so that the pledges and old members of the organization might become better acquainted.

Evelyn Rafter, chairman of the membership committee, urges all the pledges, as well as the old members, to attend the business meeting to be held Wednesday night, October 8, at 7:30 p. m.

"Winter hats" will be the theme of the meeting. Consequently, every pledge and old member is asked to bring with her an old hat for purposes to be divulged later.

MEN'S GLEE CLUB TO BE ORGANIZED

Because of the increase of men students in the college, efforts are being made by several students to form a men's glee club.

The first meeting was held in room 17, Tuesday, October 1, at 12:30. A constitution was drawn up but was not definitely decided upon.

All men students interesed in singing will attempt to make this enterprise a success.

A porch garden and outdoor fish pond are planned to the south of the Kindergarten Building, between the two buildings, while moss and shrub will adorn the entrance to the grounds.

S. T. C.'s enrollment has now reached the 1000 mark, according to the latest report from the registrar's office. Of these 1000, 877 are women and 123 are men. There are also 463 in extension division.

Miss Holmes Edits Column in Journal Of West Education

The *Western Journal of Education* carried, in its September issue, a *Department of Special Education*, edited by Miss Hilda Holmes, psychology instructor of S. T. C. The material consisted of work on the problems of handicapped children—physical, mental, and social.

Several teachers from various parts of California contributed data relative to assisting children who stammer, children who have defective vision, children who are crippled, and children who are mentally handicapped. Constructive suggestions were offered as to the help the teacher may offer these children.

Miss Holmes has estimated that since 65 per cent of the schools in California are one-room schools, it is obvious that many handicapped children and their teachers throughout the state do not have the advantage of special classes, training, clinics, and the advice of experts. It was with this thought in mind that the column was compiled. Its basic aim was to offer suggestive teaching aids for teachers who encounter exceptional children.

STUDENT ADVISORS HOLD FIRST DINNER

For the reporting of the progress made by senior advisors with their freshmen groups, and for the discussing of plans for next semester, the senior advisers attended a dinner October 6 at the Haight street tearoom.

Grace Helen Smith acted as chairman. The dinner began at 5:30 o'clock with a talk by Miss Mary Ward, dean of women, in which she summarized some new ideas for next term's activities. A few words were then delivered by each of the students. Miss Clara Crumpton, registrar, also spoke. The program was concluded with some surprise numbers by the members of the group.

DR. BARNEY TO SPEAK AT DAMES' MEETING

Dr. Barney, the college physician, spoke at the meeting of the Franciscan Dames' Club on October second, at twelve-ten, in the college activities room.

Dr. Barney's talk was based upon the questions asked her at the meeting. A business meeting was held after the social time.

COLLEGE GLEE CLUB HAS MIXED VOICES

Harmonious strains of music came from one of the wings of College Hall Monday afternoon. Upon investigation it proved to be the Women's Glee Club rehearsal. Hereafter the Women's Glee Club will be known as the Glee Club, for a number of S. T. C. men have joined the organization. Their voices mingling with the women's voices were responsible for the harmonious strains. The club hereafter will be composed of mixed voices. The members are at present preparing a cantata, "On the Nile," by Paul Bliss. This selection will be given over station KPO the first week in November.

Among men students in the Glee Club are Dan Baker, Waldon Ehler, Don Jones, Ralph Cioffi, Berger Johansen, and Ray Allen.

Seniors Plan Party

Friday, September 26, the members of Class of May '31 held the first meeting of the term to organize and make plans for an informal party.

The following officers were elected: Audrey Moore, president; Alice Gratiot, vice-president; Mary Schnitzius, secretary-treasurer; and Marion Hare, yell leader.

Other plans are progressing, but those fully decided upon at this meeting were those concerning the informal party to be given October 9 in the Activities room. Barbara Blaess is chairman of the committee in charge of the party.

Monthly meetings of the class are to be held the last Thursday of every month.

Frosh President Marries Co-Ed

At twelve o'clock, Saturday, October 4, Joseph Earl Burch, Jr., and Eleanor Jessie were married by Superior Judge Mogan at the City Hall. Earl Burch is president of the freshman class. Many of the college students attended the wedding, and gave a celebrating dinner to the bride and groom, who afterwards went to the sport dance held on the campus.

Notice

All applications for minor departments must be filed by October 13. All high freshmen and upper classmen who have not had their selection of minors approved by their minor repartment should call at the Registrar's office immediately for the proper blanks to be filled out and filed. Consult the faculty advisors, and then call upon the department advisor for final approval before filing the application.

Art on Display

Art work of the Art 110 class is on display in College Hall, near room 109. This is the first art display of the term. The class is instructed by Miss Mayer. Drawings of still life are done in both charcoal and inkstone.

COLLEGE GLEE CLUB PLANS FOR DANCE

Final plans are being made for the Glee Club formal dinner-dance to be held in the Gold and Ivory ballroom of the Western Women's Club, Saturday, October 11, at 7:30.

Ruth Brazel, chairman, and her committees are working in conjunction with Lillian Tyrrell, president of the club; Avis Kuhn, vice-president; Viola Giesen, treasurer, and Mildred Scott, secretary, to present many novelties and surprises during the dance intermissions. Novelty dance programs and favors also are planned. Ray Tellier's orchestra will play and a five course turkey dinner is to be served.

Many past graduates are planning to attend. The dance is open to all members of the student body, and reservations may be made through Ruth Brazel, any member of the Glee Club, or in Miss Levy's office.

Notice

Applications are now due for practice teaching and should be filed at once, according to the Registrar's office. Prerequisites for practice teaching are the satisfactory completion of all lower division courses, the successful passing of the penmanship requirements, either by test or by taking the course, and the completion of Mathematics A, either by test or by taking the course.

San Francisco Is Planning Display Of Artists' Work

San Francisco is planning several art exhibitions of interest for the month of October, displaying work of many famed artists and sculptors.

Six colored etchings by the Japanese artist, Foujita, are on view at the Gump Galleries. The prints were sent here from Paris, where the artist makes his home with his French wife.

Other art events in the Bay region are being held in the Beaux Arts Galerie, showing group work of its members until October 11, at the California Palace of the Legion of Honor, showing photographs by Doris Ulmann; at Courvoisier's Gallery, showing portraits by Justima; at the California School of Fine Arts, showing the fifty best prints of the year; at the East-West Gallery, opening October 1, with water colors; at Gump's Gallery, showing etchings by nineteenth and twentieth century artists; at Maiden Lane Book Shop, showing wood blocks and water colors, and at Vickery, Atkins, and Torry, showing prints.

La Casa Manana in Berkeley is showing an exhibition of sculpture; Mills College Library is having a book plate exhibition.
